The Mohawk Valley Region, America's First Frontier. The path of America's struggle for Independence was heavily traversed through the beautiful vistas, pasture land, and streams of the Mohawk Valley Region.

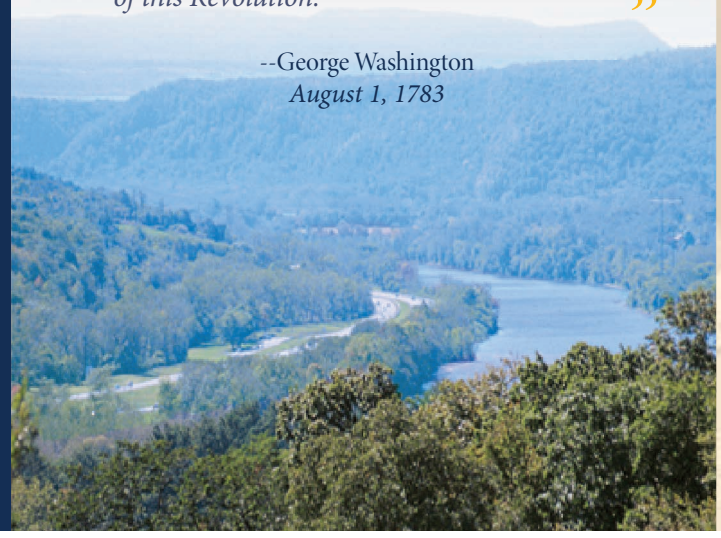

Nearly 300 battles were fought during the American Revolution, and almost 100 of these contests were fought on New York soil.

Travel back through history and visit the heritage sites that abound in this Region, serving as a reminder to current generations of the legendary places, great events, and heroic people who helped to shape the course of a nation, and the world. Walk in the footsteps of Patriots, Loyalists, and the Iroquois; of Palatine German, Dutch and Highland Scot settlers; and uncover the hardships and glories of these first New Yorkers.

To the Inhabitants of Tryon County:

"*...their very spirited conduct throughout the whole of the War have done them the highest honor, and will give the Inhabitants of Tryon County a distinguished place in the History of this Revolution.*"

--George Washington
August 1, 1783
